

# Katie Walker-Stabeler's Career timeline at HEFT Radiology Directorate 2010 to present day.

**2007-2010**

Studied for BSc Hons in Diagnostic Radiography at Sheffield Hallam University.

**2012-2013**

Successfully gained a Training post with HEFT for PG Cert Mammography. Working in a symptomatic Breast clinic, taking mammograms and assisting with Breast stereotactic core biopsies and wire localisations for breast surgery. Band 6 post created opportunities to development as a senior in plain film radiographer alongside mammography skills.

**2014 - 2015**

To meet needs of expanding breast service I successfully gained a position at HEFT to complete a 3 year MSc Diagnostic Radiography affiliated with University of Leeds. Year 1 September 2014 –June 2015 gained post graduate certificate in breast ultrasound.

**2016 - 2017**

Year 3 – I will work towards the final year of MSc in Diagnostic Imaging completing the Mammography film reading qualification and submitting a piece of research in my field.

**2010-2012**

Band 5 Radiographer at Heartlands Hospital. Gained experience in plain film radiography, theatres, Fluoroscopy, CT scans

**2013-2014**

Continued to develop my skills in Radiography taking on additional roles  
Completed the student mentor and assessor's course.  
Became Health and Safety representative for Solihull Radiology  
Performed Quality Assurance on Mammography equipment.

**2015-2016**

Maintaining skills with recent Advanced Practice in Breast ultrasound and reporting. Year 2 – September 2015 – June 2016 I will continue to work towards competencies in Interventional Breast Procedures both ultrasound and stereotactic guided.

**CAREER GOAL**  
Become a consultant Radiographer in Breast Imaging
